

The World Association for Bronchology and Interventional Pulmonology (WABIP) Membership

The World Association for Bronchology and Interventional Pulmonology (WABIP) is a non-profit organisation officially registered in Tokyo, Japan. Its mission is to connect a growing network of specialised medical doctors, health care professionals and industry/technology experts devoted to the art and science of airway, lung and esophageal diseases.

Membership of the WABIP enables the following benefits:

- Reduced registration fees for regional and national workshops and education seminars sponsored in part or in whole by the WABIP.
- Reduced journal subscription rates to *Respirology*, *Respiration* and the *Journal of Bronchology and Interventional Pulmonology*.
- Email subscriptions to the official WABIP Newsletter and other educational resources.
- Reduced registration fee for WABIP's biennial meeting, the World Congress of Bronchology and Interventional Pulmonology (WCBIP)
